Eat Drink Innovate Together

EDIT is sharing. Food, drinks, emotions and events. But above all it is sharing a winning idea and a venue where new experiences takes shape every day.

EDIT is a new way of thinking about space. Over 2,400 square meters (260,000 sqft) on two floors, where anything from a romantic dinner for two to an evening with friends, or a relaxed business breakfast can happen. You can become a chef or a brewmaster for a day, be a guest at a party, take part in a cooking competition or become a member of a team-building event.

EDIT is all of these things put together: one place, endless possibilities. Let's create and discover them together.
